

INTERNATIONAL SHOOTING SPORT FEDERATION

- Proposal by President for TV broadcasting contribution -

Introduction

The organising committees of the ISSF competitions (hereinafter the “OCs”) have vast responsibilities in the preparation and execution of the events. Amongst others, the OCs are responsible for the TV broadcasting of the event, which includes increased costs for the OCs. Currently, the ISSF bears the costs for the TV production, which means that through the ISSF TV team, the ISSF provides the technicians to the OCs. Any and all costs of for the TV broadcasting equipment, however, has to be borne by the OCs. With such increased costs for the OCs and given the importance of a high quality TV production and broadcasting for the development of our sport, the following proposal is made for a contribution to the OCs for the TV broadcasting in steps depending on the importance of the events respectively, as set out below.

Proposal

Therefore, the President proposes the following contributions for the TV broadcasting costs for the respective Organizing Committees for the following ISSF major events in 2024, with the approval of the ISSF Executive Committee:
