3. Rules and Regulations

The ISSF World Cup will be conducted according to the actual ISSF Rules and Regulations — Detailed information is available on the ISSF website www.issf-sports.org.

ISSF Juries (Competition Jury, RTS Jury, and Equipment Control Jury) will be designated by the ISSF to supervise the ISSF World Cup. Qualified Referees and Range Officers holding applicable ISSF licenses will conduct the competitions.

Shotgun Equipment

All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition. Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; However, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be disqualified.
Cartridge Controls
During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two (2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If both cartridges weigh 24.50 g and below, no further action will be taken. If one (1) or both cartridges weigh more than 24.50, then the four (4) cartridges in the second envelope must also be tested. If the average of the six (6) cartridges weighs more than 24.50 g, then the athlete must be disqualified (DSQ).

During Finals and Ranking Matches, all finalists must be tested using the same procedure. The Finalists or their Coaches/Officials must bring, as early as possible, but not later than 30 minutes before the scheduled start of the Finals and Ranking Matches (Reporting Time), all the cartridges that will be used during the Finals and Ranking Matches and place them in separate Cartridge Control Boxes on the Finals field of play, at the designated reporting area. The Finalists must report at least 15 minutes before the start of the Final. The Equipment Control Jury will take the necessary samples from the boxes. The boxes must be left under the supervision of a Shotgun Jury Member. Once ammunition is placed in the box, only the Equipment Control Jury or the Finalist can remove ammunition from the box. If during the Final additional cartridges are brought to a Finalist, samples from those cartridges must also be selected for testing. All cartridge controls must be completed before the start of the Presentation of the Finalists. Any disqualified (DSQ) athlete will not be allowed to participate in the Finals.

Colored Wads
Only transparent or translucent wads with no color may be used.

If an athlete uses ammunition that is not in accordance with Shotgun Rule 9.4.3.1 a), then the athlete must be disqualified (DSQ).

Equipment Control
Equipment control will be open to competitors as scheduled in the Program of the competition.
