

TRAP MIXED TEAM EVENT
MEN, WOMEN, MEN JUNIOR, WOMEN JUNIOR
QUALIFICATION and FINAL

Valid as of 01.01.2022

GENERAL

Mixed Teams must be national teams with two team members (one male and one female).

Nations may enter a maximum of two teams in one Championship Mixed Team event, as per ISSF entry rules. Team members may be changed for other athletes registered in the Championship not later than 12:00 hours on the second day before the day of the Mixed Team competition.

THE MIXED TEAM EVENT

The Mixed Team event consists of two stages, a **Qualification Stage** and a **Final Stage**.

QUALIFICATION STAGE

The Qualification stage will be conducted according to the Competition Procedures specified in the current ISSF shotgun rules for Trap (section 9.8) unless otherwise specified in these rules. Team squadding will be done by a random draw. The two members of each team must be squadded to fire next to each other on the same squad, with the male firing first and the female second. Teams from the same nation shall not be in the same squad. Athletes will wear the same bib numbers as those of the individual competition.

The total number of targets is 150, shot in 1 day (75 targets for each athlete).

Each member of the Team will shoot 75 targets, in 3 rounds of 25 targets (3X25 = 75X2 = 150 targets for each team).

After the end of the Qualification, the ranking of the Mixed teams will be decided by the combined results of the 2 members of each Mixed Team (1 male & 1 female) 75X2=150 (as per ISSF Shotgun Rules 9.14.5.2 & 9.15.3). The six (6) highest-ranking Mixed Teams will qualify for the Final Stage.

Any ties for places 1 to 6 will be decided by a shoot off as specified below, on station 4 only.

After the Qualification stage and any eventual shoot-offs, new bib numbers (1₁-1₂, 2₁-2₂, 3₁-3₂, 4₁-4₂, 5₁-5₂ and 6₁-6₂) will be distributed to the top 6 qualified Mixed teams.

The ranking of tied Mixed teams in 7th place and below not decided by a shoot-off will be established on the basis of the ISSF Shotgun Rules 9.14.5.2 & 9.15.3.

PROCEDURE DURING SHOOT OFFS AFTER THE QUALIFICATION STAGE

The starting positions in the shoot-off of the tied Mixed Teams after the qualification stage will be decided by the Qualification Ranking (highest ranking Mixed Team to shoot first).

The starting positions in the shoot offs, of teams with perfect ties or ties that cannot be broken by the count back rule will be decided by draw.

Each Mixed Team Coach must designate which team member (male or female) will shoot the first target on station 1.

Before the shoot-offs, athletes will observe the targets (left & right target from each station) and test fire.

Shoot-off target shooting sequence:

Station 1 left target,

Station 2 right target,

Station 3 left target,

Station 4 right target,

Station 5 left target,

then Station 1 again this time shooting at a right target and so on.

The athletes designated to shoot first from each Mixed Team must line up behind station 1 and shoot at a regular target as per target shooting sequence above. If the tie is not broken, the same procedure will continue on station 2 with the second member of each Mixed Team shooting.

This procedure will continue with the team members shooting in alternate order on successive stations (1, 2, 3, 4, 5, 1 etc.) until the tie is broken. (Team members shooting order will be 1 – 2 – 2 – 1– 1 - 2, - 2, etc.).

Only one (1) shot is permitted at each target.

The preparation time limit is 12 seconds which must be monitored by an electronic timing device that must be managed by a Referee selected from among the appointed Referees.

In case of several shoot-offs, the **higher position** shoot-offs will be shot first.

FINAL STAGE

The Final stage consists of the **Semifinals** (Semifinal 1 and Semifinal 2, composed of 3 Mixed Teams each) and the **Medal Match** (composed of 2 Mixed Teams). The Final Stage (Semifinals and Medal Match) must be conducted on the Finals Range.

SEMIFINALS (Semifinal 1 & Semifinal 2) 3 Mixed teams each

Semifinal 1 will be composed of the qualified mixed teams in places **1, 3, 5**

Semifinal 2 will be composed of the qualified mixed teams in places **2, 4, 6**

Semifinal 1 will be shot first followed by Semifinal 2.

Before each Semifinal, athletes will observe the targets and test fire.

The preparation time limit, for each station is 12 seconds (monitored by an electronic timer managed by a Referee selected from among the appointed Referees, as per ISSF rules).

In each Semifinal, athletes will **start from 0** and compete in series of target sequences followed by progressive eliminations that continue until the winners are decided, as follows:

The athletes of the 3 teams will occupy stations 1 to 6 in bib number order (as per Qualification Ranking).

First, each athlete will shoot 15 targets (1 center, 1 left, 1 right from each of the five stations). Total 30 targets for each team (15X2=30). After that the Team with the lowest number of hits out of the 30 shots (the combined result of the two Team members 15X2=30), is eliminated. In case of equal scores, the team with the lower Qualification Ranking (highest bib number) is eliminated.

The athletes of the remaining 2 teams will retain their original stations and will each shoot in sequence another 10 targets (10X2=20 targets – 1 left and 1 right targets for each athlete from each of the five stations). After that, the team with the lowest number of hits after the total of the 50 shots of the 2 series (15+10=25X2=50) will be eliminated. The team with the highest number of shots will qualify for the Gold/Silver Medal Match (1st place).

Any ties for the 2nd eliminated place will be decided by a shoot-off (as per procedure during shoot-offs after the qualification stage outlined above) but with the team with the lower bib number shooting first and the athletes of each team shooting in bib number order.

Before the shoot-off, there will be no observation of targets or test fire.

The two winning teams in 1st place (from each Semifinal) will qualify for the Medal Match (Gold/Silver). The 2 teams in 2nd place (from each Semifinal) will both receive Bronze Medal.

The eliminated 2 teams (3rd place from each Semifinal), will take the 5th and 6th place in the overall ranking on the basis of their Semifinal result. In case of equal Semifinal results then the places will be decided by the Qualification Ranking.

MEDAL MATCH (2 Mixed teams)

The starting positions in the Medal Match of the 2 winning teams of Semifinal 1 and Semifinal 2, is decided by their Semifinal result (highest SF result will shoot first). In case of equal Semifinal results, the starting positions will be decided by the Qualification Ranking.

New bib numbers (1₁-1₂ and 2₁-2₂), will be distributed to the 2 qualified Mixed Teams.

The preparation time limit, for each station is 12 seconds (monitored by an electronic timer managed by a Referee selected from among the appointed Referees, as per ISSF rules).

Before the Medal Match, athletes will be allowed to test fire only. There will be no showing of targets.

The 4 athletes of the 2 teams will **start from 0** and compete in series of 5-target sequences as follows:

The athletes of the 1st team will occupy shooting stations 1 and 2 in bib number order. The athletes of the 2nd Team will occupy shooting stations 3 and 4 in bib number order.

Number of targets: Up to five (5) series of five (5) targets each series to a maximum of twenty-five (25) targets each athlete (50 targets each Team). During each series, each athlete from each team will shoot 5 targets (5 targets X 2 athletes=10 targets).

The shooting sequence (which team will shoot first) will alternate between the two teams after each series of 5 targets.

During each series, the sequence of the ten (10) targets of each Team (5 targets X 2 athletes = 10) will be composed of four (4) left, four (4) right and two (2) center targets in random sequence from all stations.

After each series of 5 targets the team with the highest number of hits out of the total score of 10 targets (2 athletes X 5 targets=10), will receive **2 points**. The team with the lower result will receive **0 points** and if the results are equal, then each team will receive **1 point**.

The points of each series will be carried forward to the next series.

The scores (number of hit targets), however, of each series will not be carried forward to the next series. The scores of each series will start from zero.

The team that earns six (6) points first, wins the Gold Medal and the 2nd team the Silver Medal. If the shooting sequence of the 5 series of 5 targets each (total 25 targets) is completed without any team reaching 6 points and there is a tied score of 5:5, the winning team will be decided by a shoot-off (as per shoot-off procedure after the qualification stage outlined above) but with the team with the lower bib number shooting first and the athletes of each team shooting in bib number order.

There will be no target observation or test fire before the shoot-off.

COACHING TIME OUT

During the Medal Match, Coaches may call one (1) Coaching Time-out for a maximum duration of one (1) minute when it is the turn of that team's athlete(s) to fire during which the Coach may approach and speak to his/her athlete(s), on the shooting station. The other Coaches may, during this time, approach and speak to their athletes also. The Jury Member in charge must control the time.

REPORTING TIME, CARTRIDGE CONTROL, PRESENTATION & COMMENTATING

The members of the six (6) qualified Mixed Teams in the Final Stage or their representatives (coaches or team officials) must report to the Finals Range for cartridge control, at least **30 minutes** before the scheduled Start Time of the Final (Semifinal 1). At this time the Jury will distribute the bib numbers to all the athletes of the 6 qualified Mixed Teams.

The Jury will instruct the members of each Mixed Team or their representatives (coaches or team officials) to place all of their cartridges in numbered boxes (corresponding to their bib numbers). The Jury will select cartridges for cartridge control and conduct equipment inspections. Cartridge checks must be completed before the presentation.

Athletes may leave the FOP but those whose team participate in the Semifinal 1 must return to the Finals Range at least **15 minutes** before the start of the Final (Semifinal 1).

No additional cartridges may be brought to the FOP.

The 3 teams of Semifinal 2 must report to the FOP, at the time of the official start time of Semifinal 1.

The 2 Mixed Teams participating in the Medal Match (the winning teams of Semifinal 1 and Semifinal 2) must report to the FOP, 10 minutes after the end of Semifinal 2.

During presentation the Mixed Teams must be ready to walk in before they will be called one

by one for their group. The Jury must make sure, that the Mixed Teams (athletes & coach) are assembled in the correct order.

The Mixed Teams will enter the FOP one at a time - as each Mixed team (athletes and coach) enters the FOP the announcer will introduce them to the spectators – as they walk in. The members of the Mixed Teams must remain facing the spectators until all have been presented, also the Jury Member- in Charge and the Referee.

A one (1) point penalty will be deducted from the score of the first hit target in the Final Stage if the Mixed Teams' cartridges are not presented 30 minutes before the start of the Final (Semifinal 1) and/or if any of the Mixed Team members does not report to the FOP as per stipulated time in these rules. This will apply to both the Semifinals and the Medal Match.

During the Semifinals and the Medal Match commentating (not more than 1 minute) will take place after each series of 5 targets for each athlete.

MUSIC & AUDIENCE SUPPORT

During the Semifinals and the Medal Match, music should be played. The Technical Delegate must approve the music program. Enthusiastic audience support is encouraged and is recommended during the Final Stage.

MALFUNCTIONS DURING SEMIFINALS & MEDAL MATCH

- a) If the Referee decides that a disabled shotgun, or the malfunctioning of the shotgun or ammunition, is not the fault of the athlete, the athlete must be given not more than three (3) minutes in which to repair the shotgun or obtain another approved shotgun, or replace his ammunition. If this cannot be done within three (3) minutes, the athlete (Mixed Team) must withdraw.
- b) After the malfunction is corrected or the athlete (Mixed Team) withdraws, the Final must continue. If the withdrawal of a team occurs during a Medal Match the second Mixed Team must be declared as the winner. During a Semifinal, a withdrawn mixed team's final ranking will be determined by the total number of targets hit until the time when the malfunction occurred.
- c) A Mixed Team is allowed a maximum of two (2) malfunctions during a Final (Semifinals & Medal Match), including any shoot-offs, whether or not there was an attempt to correct the malfunction.
- d) Any regular target(s) on which any further malfunction occurs will be declared "LOST" whether or not the athlete attempted to fire.

PROTESTS DURING SEMIFINALS & MEDAL MATCH

- a) If an athlete disagrees with a Referee's decision regarding "**HIT,**" "**LOST,**" "**NO TARGET**" or "**IRREGULAR**" target(s), he/she must act immediately before the next athlete fires, by raising an arm and saying "**PROTEST.**"
- b) The Referee must then temporarily interrupt the shooting and after hearing the opinions of the Assistant Referees, make his decision. No protest will be accepted after the next athlete fires.
- c) Any other protest by the athlete or coach will be decided by the Finals Protest Jury immediately. The decision of the Finals Protest Jury is final and cannot be appealed.

- d) If a protest in a Final for any matter other than Referee decisions on “**HIT,**” “**LOST,**” “**NO TARGET**” or “**IRREGULAR**” targets is lost, a penalty of two (2) points must apply to the last two (2) “HIT” targets, of the athlete (Mixed Team).
- e) The current ISSF VAR Rules (9.18.4) will be followed during both the Semifinals and the Medal Match.

COLOR OF TARGETS

Qualification Stage: Normal targets
Final Stage: Flash targets

IRREGULAR OR DISPUTED CASES

ISSF General Technical Rules will apply to matters not mentioned in the above paragraphs. Irregular or disputed matters will be decided by the Jury according to the General Technical Rules for each event.
