7. Immigration and Customs Requirements

Entry Visa

Cyprus is a full member of the European Union and some nations require visas to enter into Cyprus.

Important Note: **Cyprus is NOT an active Schengen Visa member. Schengen Visas are acceptable provided they have been activated in another European country before arrival in Cyprus.**

We strongly advise all NON European Union participants to verify well in advance whether they need a visa for entry into Cyprus. The visas must be obtained from a Cyprus Embassy or Consulate abroad **prior to arrival**. The Organizing Committee will be ready to supply to the participants applying for a visa, any necessary additional supporting documentation.

Detailed information regarding visas and formalities for entry into Cyprus can be found in the website of the Cyprus Ministry of Foreign Affairs, www.mfa.gov.cy, at the **“consular information”** and **“travel information for foreign visitors”** subsections.

Custom Formalities, Import of Firearms

All shooters, NOT holding a 'European Shotgun Certificate' will be requested upon arrival at Larnaca or Paphos airports, to present to customs (Red Channel) **the completed official ISSF WC shotgun and ammunition form**, in order to obtain a temporary shotgun import permit. No other documentation or certification is necessary prior to arrival.

European Union nationals holding a 'European Shotgun Certificate' will be required to check their shotguns through customs (Red Channel) also and verify the serial numbers of their weapons, only.

The gun permits or the 'European Shotgun Certificates' must be represented to customs at the time of departure.

IMPORTANT for all shooters (EU or non EU members)

The import of **12G Auto or Semi-Auto shotguns** is prohibited in Cyprus. Shooters, who intend to bring to Cyprus such shotguns for exclusive use at the competition, must contact the Cyprus Shooting Sport Federation **at least one and a half months** before arrival in order to obtain a special shotgun import permit.

Useful Information on the carriage of shotguns on International Flights

As a rule, before issuing any flight ticket the travel agency appointed to book the flights must make sure that both the ammunition and the firearms are accepted on board the aircraft till the final destination. The approval should appear in the electronic ticket (on the PNR Passengers Name Record) or on a separate message sent to the travel agency by the Airline Company.

OR cyshooting@cytanet.com.cy

**ISSF WORLD CUP
SHOTGUN
LARNACA, CYP
24 APR – 4 MAY 2015**

The rules governing the carriage of firearms are those of the carrier who owns the aircraft therefore in case of flights made in code-sharing, the approval must come from both companies even if on the ticket the abbreviation of only one Company appears (i.e. AZ - EI - LH - CA, etc)

Normally, the final decision to accept firearms and ammunition on board comes from the captain but once you have the "ok" on your flight ticket, the Airline Company is responsible for having your firearms sent to destination.

In case of indirect flights, it is advisable to consider a connection of at least two hours. Upon landing at the first airport, report to the information counter and make sure that your firearms have arrived and will be taken on board of the connecting flight.

Still, in case of indirect flights, avoid booking them with two different Airline Companies as most of the times the firearms will be discharged and let at the first airport and the owners will have to collect them and make a new check-in, provided the local police authority do not cause problems of licences. That will probably cost extra security and boarding tax and sometimes extra baggage fees. If passengers are not informed, they risk arriving at the final destination without knowing that their firearms have not been loaded on the connecting flight and are lying in the previous airport.

In many countries even if in transit and the baggage is labelled till destination, the control of firearm is made at the first airport of arrival and this is why it is advisable to keep the situation under control step by step.

All firearms and ammunition must be declared while making flight reservations and at check-in and follow the procedure reserved to these special articles. It is a big mistake to pack them into normal bags and dispatch them as normal baggage because in case of loss it will be very difficult to find the firearms in a short time and, last but not least, owners will be liable to heavy fines.

Starting from **23 APR 2015** the Organizing Committee will arrange an airport pick up service free of charge and all participating nations are requested to submit the arrival and departure details of their teams on time (completed official Final Travel Form (Annex 4). Teams arriving before the 23 APR 2015, will be responsible for their own transport from the airport to the official hotels.
