ISSF Juries (Competition Jury, RTS Jury and Equipment Control Jury) will be designated by the ISSF to supervise the ISSF World Cup. Qualified Range Officers holding applicable ISSF licenses will conduct the competitions.

Rifle / Pistol Equipment

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

Rifle Clothing

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace a registered jacket or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. If two or more panels fail, the athlete must be disqualified (DSQ).

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

4. Participation

Individual Events

ISSF Member Federations can enter a maximum of five (5) athletes in individual events but only three (3) of them can be registered to compete in the Final for the medals. The other two (2) can only compete for the ranking points.

Entry Visas

The participating federations, which require entry visa into Brazil, are kindly requested to obtain it before departure from their country. If needed, please fill in the enclosed Visa Support Form (Annex 7) and send it to the Organizing Committee (wcbra2022@gmail.com) in time but not later than **11 FEB 2022**. Upon request, the Organizing Committee will send Official Invitation Letter to apply for their entry visa at the Brazilian Embassy or Consulate in their respective countries, or where required in case of countries having no diplomatic relations with Brazil.

The Brazilian Shooting Sport Confederation has no influence on the embassy and can provide the invitation regarding the ISSF World Cup only!

Gun License

All participating federations must declare all of firearms and ammunitions brought to Brazil for the ISSF World Cup in advance. They are kindly requested to complete the Firearm and Ammunition Form (Annex 8) and must return it together with passport copies of each athlete as early as possible, but not later than **28 FEB 2022**. Forms must be typed in **PC ONLY**, not handwritten or transmitted by fax. A fee of EUR 50.00 will be charged to each athlete and official for the clearance of weapons and/or ammunition that will be checked in Brazil, including air guns.

Custom Clearance – Arrival

All delegations are requested to arrange the **GIG Airport (Rio de Janeiro Tom Jobim International Airport – Galeão)** for arrival and departure. Main international airlines can reach GIG Airport directly. If there is any country that the first stop in Brazil will be GRU Airport (Sao Paulo), the custom process will be not automatic and can take much more time than in GIG. For those countries it's strongly recommended to have a **connecting flight with minimum 5 hours from GRU to GIG**, because Brazilian government requests that the custom formalities for all luggage and firearms must be made at the first international airport of Brazil Territory upon arrival. There will be an additional charge of EUR 30.00 for each clearance made at GRU airport, regarding costs with the local dispatcher who will assist in the clearance process.

The Organizing Committee is not responsible for losses of flight connections and baggage at GRU before arriving in GIG. Countries with connecting flight in GRU must fly to GIG in a domestic flight. It will also bring consequences about limit of quantity and luggage weight.

Arrivals to Brazil by other airports than GIG or GRU will not be accepted.

Arrivals to Brazil by Bus or Car will not be accepted also.

IMPORTANT

According to Brazilian law, it's mandatory that all members of the Delegation fill in the e-DBV on-line document for Customs (Traveller's Electronic Declaration of Goods) prior to your arrival in Rio de Janeiro at the following site:

<https://www.edbv.receita.fazenda.gov.br/edbv-viajante/pages/selecionarAcao/selecionarAcao.jsf>.

Fax: +55-21-22830522
E-mail: wcbra2022@gmail.com
Web: www.wcbra.com.br

The Organizing Committee strongly recommends bringing 2 copies of the e-DBV printed and correctly filled to the ease of the arrival.

At the airport of arrival in Brazil, after finishing the immigration process and the verification of the compliance to the sanitary protocols, athletes must follow to the customs' red line in the arrival's hall, present firearms and ammunition to the Brazilian Army officers for inspection and withdrawal of the transit permits, and then go to the tax authority officials for customs clearance, where e-DBV form will be requested for checking.

Firearms must always be accompanied by their transit permits wherever they go.

Once these procedures have been completed, athletes must go to the exit gate of the international arrival's hall. Outside the delegations will meet the Organizing Committee staff to board in the vehicles of the transport service of the competition.

Custom Clearance – Departure

The clearance of firearms and ammunitions will take place in 2 steps:

1st step – at the competition venue: each athlete, after ending his last event, must withdraw his weapons and equipments from the armory and present them with the documentation received upon arrival at the airport to the Brazilian Army office. After the check procedures, the athlete must take the firearms and equipments with their documentation to the hotel or to the airport, if that is the day of his departure.

2nd step – at the airport: upon arrival to check in, the athlete must present his firearms and ammunitions and their documentation to the customs authorities (Revenue and Federal Police officials) for final clearance.

Athletes Under 18 Years Old

According to Brazilian Federal Law 8.069/90 (Child and Teenager Statute), athletes up to the age of 18 must have the appropriate authorization form completed and provide proper documentation to be eligible to compete.

This authorization is obtained through a Mandatory Court Permit, which requires a special procedure. The procedure for minors participating in competitions requires the following documents:

- Authorization form signed by the parent or legal guardian of the athlete, expressly containing the name of the person who is authorized to accompany and who will be entirely responsible for the minor during the competition;
- Copy of the ID or passport of the athlete that contains his/her photo and the name of his/her parents or legal guardian;
- Copy of the ID or passport of the athlete's parents or legal guardian that signed the authorization form;
- Copy of the passport or ID of the person indicated in the authorization form to be responsible for the athlete during the competitions days;
- Medical certificate;
- Schooling statement.

E-mail: wcbra2022@gmail.com

The lack of documentation or proper procedure to obtain authorization of the minor may obligate the athlete to abandon the competition, due to on-site inspection from Minor's Court authority or even cause the cancelation of the competition, so the Organizing Committee will not allow the participation of a minor athlete who does not meet these requirements.

We kindly request that the federation previously inform the Organizing Committee of the participation of a minor athlete, to obtain guidance on legal procedures.

8. Entry requirements in Brazil in relation to Covid -19

At the moment, the entry of travelers in Brazil who have come or passed through any of the following countries in the last 14 days prior to boarding is temporarily suspended: Republic of South Africa, Republic of Botswana, Kingdom of Eswatini, Kingdom of Lesotho, Republic of Namibia and the Republic of Zimbabwe.

Except the above situation, all other travelers must complete the Traveler's Health Declaration (DSV) **within 24 hours prior to departure to Brazil** (<https://formulario.anvisa.gov.br/>), available in Portuguese, English and Spanish languages.

All of them must present a non-detectable (negative) RT-PCR test, performed within the last 72 hours before boarding, or a negative antigen-type test, performed within 24 hours before boarding.

If there are changes in government regulations on the matter, the Organizing Committee will notify all federations by email and on the competition website (www.wcbra.com.br).

9. Accommodation

The official hotels are located at Barra da Tijuca, close to shopping malls and restaurants by a short cab ride, as well of the Barra da Tijuca beach, about 8 km away from Parque Olímpico.

All room rates are calculated per room / per night. The rates include breakfast, tax and service charges.
