

ISSF JUDGES COMMITTEE INFORMS:

JUDGES' COURSES

During its annual meeting at the ISSF Headquarters in Munich in January the Judges' Committee spent quite some time discussing possible improvements to future ISSF Judges' Courses. The Committee, in co-operation with the Section Committees, will try to work out an education program available for all instructors, to ensure that the courses run by the Member Federations are of a high standard, offering uniformity around the world.

HELP NEEDED

The former Chairman of the Judges' Committee, Mr. Derek Ivy, created Guidelines for Judges' Courses years ago, and the Shotgun Committee can as of today offer a power point presentation as help for the Course Instructors. The time has now come to offer the same kind of material for the other Section Committees. To realize the project, the Judges' Committee needs help from all skilled, experienced instructors around the world. We would very much like to have specimens of lessons, test papers and incidents from your own experiences. Please contact the ISSF HQ, or the Chairman of the Judges' Committee – kerstin.bodin@telia.com

ISSF JUDGES LICENSES

Last year the ISSF Headquarters asked all Member Federations to update their list of judges and report any anomalies to the HQ. Unfortunately not many Federations responded. The Judges' Committee would again urge all Federations to investigate the list of Judges/Referees to bring them up to date. The licenses should either be renewed, subject to the ISSF Rules, or request for a diploma of appreciation for retired judges.

DIPLOMA OF APPRECIATION FOR RETIRED ISSF JUDGES

For those ISSF Judges that have served the Shooting Sport for a long time and now have decided that the time for retirement has come, the ISSF can provide a Diploma of Appreciation. The diplomas will be delivered to the Federation upon request.

DIGITAL PHOTOS FOR LICENSES

From now on the ISSF Headquarters need all license photos in a digital format. This includes New Licenses, Upgrades, Shotgun Referee licenses and Renewals. As usual the Judges' Committee also examined applications for new "B" Licenses, new "A" Licenses and "Shotgun Referee" Licenses. The Committee approved 167 new "B" Licenses, out of 185 applications and upgraded 20 "B" Licenses to "A" Licenses, out of 26 applications. Out of 93 applications for new Shotgun Referee Licenses 82 were approved.

NEW ISSF "B" LICENSE

To be granted a "B" license:

- The applicant must have successfully completed an Official ISSF Judges Course within the last four years.
- The official form must be signed by the applicant and the Federation and sent in by the Federation and at the same time a digital photo must be sent to munich@issf-sports.org.
- The applicant should possess a national judge's license of the highest level and must have the necessary experience and maturity to judge.

UPGRADING OF AN ISSF "B" TO AN "A" LICENSE

For upgrading:

- The applicant must have at least four (4) years recent experience as an active "B" license holder.
- The applicant must have officiated in at least five (5) international competitions with at least five (5) participating nations.
- The official form must be signed by the applicant and the Federation and sent in by the Federation and at the same time a digital photo must be sent to munich@issf-sports.org.

NEW ISSF SHOTGUN REFEREES' LICENSE

To be granted a Shotgun Referees' license:

- The applicant must have successfully completed an Official ISSF Shotgun Referees' Course.
- The applicant must have passed an eye examination and the official Eye Sight Form must be signed by the Medical Practitioner or Ophthalmologist and the Federation.
- The official form must be signed by the applicant and the Federation and sent in by the Federation and at the same time a digital photo must be sent to munich@issf-sports.org.
- The applicant should possess a National Referees' License of the highest level or have the necessary experience as a National Shotgun Referee.

EST LICENSES

There are now 443 Electronic Scoring Target Control (Category 6) qualified Judges. Judges with Rifle, Pistol and Running Target Licenses without Category 6 should attend an EST Course as soon as possible. Those having achieved the result to gain a Category 6 License during 2007 are listed below. Please note that those listed, who have not already done so, need to send to the ISSF one digital photograph and a new license will then be issued.

For detailed information, please see Article 3.12.3.9 Annex "J" and Article 3.12.3.9.1 Annex "S".

OFFICIAL ISSF JUDGES' AND REFEREES' COURSES

Lists of planned Official ISSF Judges' Courses for all Disciplines, EST Courses and Official ISSF Shotgun Referees' Courses are published and continuously updated on the ISSF Web-site.

The Judges' Committee congratulates the individuals listed below on gaining ISSF licenses. An explanatory letter has been sent to the Federations where the committee for various reasons has postponed the issue of a license.
